

# PARADES

## BLACK HORSE

\$120,000.00 MXN

In a celebration where elegance flows like champagne, one figure rises above all: a majestic black horse, a symbol of power, class, and distinction. Those who dare to ride it don't just walk the runway, they own it. Under the lights and the gazes, you become the soul of the event, the unforgettable figure everyone admires.

Because in this moment, we're not only toasting with champagne; we're toasting to you.

\$90,000.00 MXN

Not everyone is born to be in the spotlight... but some are destined to take the throne. You advance on a royal chair, elevated above the crowd, while every gaze turns toward you. This is not just any parade; it is the moment when the world acknowledges your greatness.

Sitting on your own throne is not about comfort—it is a symbol. It is leadership, it is luxury, it is power. Here, you don't compete with anyone, because you are already at the top: you are the center, the inspiration, and the reason why everything revolves around you.

It's not just a parade... it's your reign in motion.
